A Note From Mrs. McLean

As we move into the flu season here are a few reminders:

- Students should not come to school with a fever. They should remain home for 24 hours after the fever returns to normal.
- Students should remain home for 24 hours after vomiting has ended.
- If your child has a throat culture please do not send them to school until you have received the results. If they have a positive culture for strep, the child should remain home for at least 24 hours after the start of antibiotics.
