Family Bingo

Thank you to Mrs. Blair and Mrs. Johnson for organizing such a great family night. A fun time was had by all!

Science Park

Design Day was a great hit with the students. The designer has come up with a schematic or plan for the park which is the first major step. Now grants and corporate donations are needed to fund the park. If you have any questions or would like to volunteer to help please contact Amanda Gebecki or Alison Reilly.

Congratulations

To the Matthews family who are the winners of the early Re-registration raffle.

Technology

All proceeds from the Spirit Wear are going towards the purchase of new technology. We are currently piloting some new technology in the classrooms for possible purchase next year.

Thank you to everyone who bought Spirit Wear and a very big thank you to Tracy and Joe Troy for all of their hard work! We raised over \$2100.00 Thank You!!

Spirit Wear Pictures

Please take pictures of the students wearing the "Spirit Wear" this summer on your vacations and day trips and we will put the photos on a "Back to School" bulletin board in September.

Elmos

We are currently piloting Elmos, a cart containing a laptop, projector and camera, in many classrooms. Many of our teachers have enjoyed this new technology and feel that it enhances the educational experience for our students. We are now looking for donations of large dry-erase white boards (marker boards) for each classroom. If you would like to donate one please let the office know. We will use them to project the Elmos on.

Field Day

Parent volunteers are needed for this fun day. It is a day loved by our children. Please contact Wally Hurd or Denise Vuoso if you can help.
